Resettlement Questions Answered for Evacuees In First of Letters

An "Information Letter," the first of a forthcoming series, was issued this week by the welfare office in reply to a request from the residents for a reliable questions-and-answers paper relating to the resettlement of persons who will need more than the average assistance furnished by the relocation division to relocatees.

Copies of these letters are being sent to each unit administrator and to the Chronicle. Written questions may be sent to the Counselor, Project Welfare Office, Administration Building, Unit I, to the Counselors or Counseling Aides in the Unit Welfare Offices, or to the Unit Administrators.

The first of these letters answers six questions, and is entitled, "Questions About Resettlement Assistance."

"1. Q. In general, who is eligible for special assistance at the time of resettling?

"A. Those eligible include (1) persons who will need public assistance for a long period; (2) persons or families who will need special services of a social agency; and (3) persons or families who will need initial grants for household goods or household running expenses for a short time.

"2. Q. With whom should persons in need of such assistance discuss their resettlement plans?

"A. With the counselors or counseling aides in the Unit Welfare Offices.

WRA's Comments on the All-Center Conference Recommendations Told

W.R.A. comments on the recommendations of the All-Center Conference, which was held in Salt Lake City last February, were received by the Community Council this week.

A few comments to recommendations, are given below:

"Recommendation No. 1: That special governmental agencies or units be established solely for providing assistance to evacuees who might require funds in reestablishing themselves, (a) Resettlement aid (grants), (b) Loans.

"Comments: We recognize that many of the evacuees now residing in the centers will not be able to provide completely for their own support on the outside and that others will need loans to reestablish themselves in business or farming enterprises. It should be realized, however, that the practical problem of securing legislation and funds for a special agency is a very real one and, even if desirable, would require much time to accomplish. It seems highly unlikely that Congressional approval could be secured for such a proposal, or that a special agency is actually needed. As far as grants are concerned, both public and private welfare agencies throughout the country now have the lowest number of clients they have had in years and are in excellent position to furnish help for relocating evacuees who (cont. on Unit I page)

THERE ARE AGENCIES TO HANDLE DESTITUTION CASES OF RESETTLERS OUTSIDE

CHICAGO, ILL.--Issei need have no fears of being a financial burden if they should become suddenly destitute, unemployed, ill, or meet death after leaving the Centers, an Issei resident of St. Louis informed the War Relocation Authority the other day.

Mrs. Haru Tanaka, who with her husband, owns a cafe at 2628 Market Street, St. Louis, Mo., has employed a number of resettlers, one of whom died recently after a brief illness. To Mrs. Tanaka's knowledge, the deceased friend was a bachelor and had no close relatives. Mrs. Tanaka prepared a statement in Japanese on how the Resettlement Assistance Fund was used to give the late George Yasumatsu Nakai an appropriate Christian funeral.

If anyone can inform Mrs. Tanaka on the whereabouts of the deceased's relatives in Japan, Mrs. Tanaka hopes the friend will get in touch with her. (She wished to send the ashes to Japan after the war, if the deceased has relatives there.)

The late Mr. Nakai of Miye-Ken, came to St. Louis from the Colorado River Center to work in the Tanaka's cafe. Prior to evacuation, Mr. Nakai's address was Tucson, Pima County, Arizona. He became ill and died shortly after he entered a hospital for treatment.

Among his belongings was \$59 in cash, which with a grant from the Resettlement Assistance Fund, paid the hospital bill and funeral expenses. The funeral was entirely fitting and in no way less than one would accord a close friend or relative, Mrs. Tanaka said.

Her statement follows:

"Mr. Yasumatsu Nakai of Miye-Ken became ill in St. Louis and was being treated at a hospital, but on January 2 he passed away and funeral services were held at a Christian Church on January 7.

"On this occasion, the Social Security Board paid for his hospitalization, doctor's bills, and funeral costs, and we friends of the deceased are extremely grateful.

"Since Mr. Nakai's case was the first of its kind in St. Louis, I have been asked by the Social Security Board to inform other Issei of the services which it offers. I wish to emphasize the fact that Issei relocatees who formerly resided in the centers need have no hesitation in requesting aid from the Social Security Board should they become destitute, unemployed, ill, or in cases of death, for in all those instances the Social Security Board will offer help and the persons affected will not be under any material obligation for the services rendered them.

"To cite another example, Shiyokichi Kobayashi, an Issei, underwent an operation at the St. John's Hospital in St. Louis and his doctor's bills and hospitalization were all paid by the Social Security Board."

Mrs. Tanaka prepared her statement in Japanese which is available from the W.R.A., Barr Bldg., Washington, D.C.

*Mr. Nakai lived at 15-13-D while in Poston.

Yes, the Prom is over....To all, it will mean a night of many memories--formals, "cokes", a shooting fountain, gala decorations, the crowning of the Prom queen, and your couple....First and last dances were the theme of the Prom --"Stardust", filled in between by four hours of dancing and a little time-out for a "quick up" with refreshment.

Placed throughout the auditorium were various Poston untried props and decorations. All will remember the soft indirect lighting, the colored fountain, the light-catching, "Stardust", the arrowweed pathway, and outdoor effect followed by the ballroom.

Yes, many heads and hands should receive credit for the success of this Prom. In charge of the huge decoration job was Kenji Ozaki. Just as important was the refreshment committee headed by Helen Ozaki.

Not to be forgotten are the members of the committee themselves, who put in their time in effort to make "Stardust" a knockout. To the Junior class of P.V.H. and to all those who were responsible for the Prom, we say...well done!

SAINTS WIN 6-5 THRILLER OVER DUKES IN NINTH

The 1945 softball
season officially open-
ed Wednesday as the
Saints defeated the
Delano Dukes in a 6-5
extra-inning thriller
at Field 3 in the first
city-wide open tourna-
ment tilt.

The white horsehide
was literally a gray
blur in the Poston
dusk as the ninth in-
ning rolled round with
the score tied at 5-5
since the seventh.
With the Saints at bat,
left fielder Omori
reached first on an er-
ror, took second on a
bad pitch, and romped
home with the winning
run as the second base-
man muffed Kinoshita's
hard grounder. The

Duke's lone chance of
tying the score faded
in the last half of
the ninth when Sanema-
tsu clouted a lofty
fly to left field which
was picked up by Hiro-
to and whipped to third
where Sanematsu was
tagged out in a close
call.

Although Kinoshita,
Saint hurler, issued
15 free passes, he is
credited for pitching
a hitless game while
the Saints garnered se-
ven safeties from Koga,
Duke moundsman.

"Wimp" Hiroto paced
the sluggers with three
singles, while Omori
and Otsu each slammed
out a single and a
double.

"ANTI" AGITATION DECLARED NOT KEEPING FAITH

NEW YORK, N.Y.--Per-
sons who stir up pre-
judice against Japanese
Americans were denounced
as "preachers of hate"
serving Hitler's pur-
poses in a letter re-
cently received by Leo
T. Simmons, acting re-
location supervisor of
the Middle Atlantic
Area, from Adjutant
Marshal G. Staub of
the American Legion's
Captain Balvidere Brooks
Post No. 450 in New
York City.

A few weeks ago Ad-
jutant Staub's post in-
vited to membership the
Nisei soldiers whose
names were removed by
the Hood River, Ore.,
post from its county
honor roll.

In his letter Adjut-
ant Staub also declar-
ed that Japanese Ameri-
cans "are doing their
part for the nation
that our forefathers
built" and that "their
ancestry is...not to
be held against them."

Following are excerpts
from Adjutant Staub's
letter to Mr. Simmons:
"By our prejudice, we are

not keeping faith with
our men overseas who
are...fighting and dy-
ing to destroy tyranny,
oppression, prejudice,
and intolerance. What
they are fighting to
rid the world of, we
are building up on the
home front.

"Long years before
the war in Europe began,
Hitler planned his con-
quest by technique of
Divide and Conquer--a
simple yet deadly means
of creating internal
strife within a nation,
...With race, color,
creeds, and political
beliefs pitted against
one another, it was
simple for the Nazi
blitz to overrun Europe.
Hitler also had plans
for the United States...

sically and morally,
we must all live toge-
ther as one people, as
Americans, unified in
equality, freedom, and

WASHINGTON COMMENTS ON EVACUEE RECOMMENDATIONS (cont. from front page)

WELFARE ANSWERS RESETTLEMENT ASSISTANCE QUERIES (continued from front page)

need public assistance. Moreover, the WRA has made special arrangements to transfer funds as needed to the Social Security Board for the Resettlement Assistance Program which is designed specifically to meet the needs of people (such as evacuees) who have been affected by restrictive governmental action. Aid under this program is available to both citizen and alien evacuees in all parts of the country regardless of previous residence. WRA will make every possible effort, through its field offices and in other ways, to see that adequate assistance is promptly provided for handicapped resettlers who need grants or other special kinds of help. Fuller comment on loans is provided under No. 3 below.

"Recommendation No. 2: That the present relocation grant be increased. It should be given to every relocatee. The penalty clause on the present form should be deleted. We further recommend that federal aid be granted according to every individual's particular needs until such time as he is reestablished.

"Comment: Relocation grants are now made available on the basis of need and will continue to be. To provide each resettler with a grant regardless of his cash resources would be an unwarranted use of the taxpayer's money. The grants should be regarded not as a compensation or reward for relocating but as a form of assistance for those who temporarily lack sufficient cash resources to reestablish themselves in private life.

The so-called "penalty clause" is included on

and special services are provided by federal, state and county welfare agencies and by private agencies. Which agency takes the responsibility depends upon the individual circumstances.

"5. Q. 'Family of 4. Father, mother and 2 sons. Both sons in the U.S. Army, fighting in France. Father was a farmer in California but does not want to go back because of public sentiment around the home town. No financial resources whatsoever. Cannot go out to start farming elsewhere because of lack of funds. How can WRA help this family?"

"A. The family should first talk about where they wish to go. Their plans may be related to the plans of relatives or friends and plans will have to be discussed with the relatives or friends. Also, employment opportunities may affect their choice of location and they may wish to consult the Relocation Office about where to find a loan or the right work. When they have a location in mind, they will be able to see better what they will need to establish their home.

The next step would be to talk over these needs with the Welfare

the form merely for the information of evacuees and is standard on all government forms of this type. It is intended to warn the applicant against giving false information on the application. The penalties for providing false information will apply whether the clause is included on the form or not. In view of the recommendation of the conferees, however, the WRA has decided to delete this clause from all future printings of the form,

Section. An increase in the dependency benefits may be secured if the parents are dependent upon the soldiers. If further help is needed to set up housekeeping, resettlement assistance will be requested.

"6. Q. 'Old couple, no children. Used to run a boarding home in California. Sold most of things at evacuation. Things that were left were stolen. No financial resources. What can they do?"

"A. If they are able to work, they may wish to talk with the Relocation Office about the possibility of locating work similar to what they had four years ago. Then, if resettlement assistance is needed, they will be referred to Welfare Section to arrange for temporary assistance.

"However, if they are unable to work, they will need resettlement assistance to set up housekeeping and also continuing assistance for living expenses. It will be desirable to have the Welfare Section write to the locality of resettlement to make arrangements for such assistance before the family leaves the Center."
