Resettlement Questions
Answered for Evacuees
In First of Letters

An "Information Letter," the first of a forth coming series, was issued this week by the welfare office in reply to a request from the residents for a reliable questions-and-answers paper relating to the resettlement of persons who will need more than the average assistance furnished by the relocation division to relocatees.

Copies of these letters are being sent to each unit administrator and to the Chronicle. Written questions may be sent to the Counselor, Project Welfare Office, Administration Building, Unit I, to the Counselors or Counseling Aides in the Unit Welfare Offices, or to the Unit Administrators.

The first of these letters answers six questions, and is entitled, "Questions About Resettlement Assistance."

A. Those eligible include (1) persons who need public assistance for a long period; (2) persons or families who will need special services of a social agency; and (3) persons or families who will need initial grants for household goods or household running expenses for a short time.

A. With the counselors or counseling aides in the Unit Welfare Offices.

Q. How is the assistance secured?

TODDIE, TWENTY, WANTED FOR PLANTS IN DENVER

Ten women are wanted for the U.S. Foundry, and 20 turret lathe operators are wanted for a machine shop at Denver, Colo., according to Harley Asari, former resident of Unit 1, who is here from Denver.

Persons who are interested are asked to inquire at or telephone the project relocation office in Unit 1. Mr. Asari will probably be available there, but if he is not, persons are asked to leave their names.

Mr. Asari expects to leave sometime next week.

THERE ARE AGENCIES TO HANDLE DESTINATION CASES OF RESETTLERS OUTSIDE

CHICAGO, ILL. -- Issai need have no fears of being a financial burden if they should become suddenly destitute, unemployed, ill, or meet death after leaving the Centers, an Issai resident of St. Louis informed the War Relocation Authority the other day.

Mrs. Haru Tanaka, who with her husband, owns a house at 1208 Market Street, St. Louis, Mo., has employed a number of resettlers, one of whom died recently after a brief illness. To Mrs. Tanaka's knowledge, the deceased friend was a bachelor and had no close relatives.

Mrs. Tanaka prepared a statement in Japanese on how the Resettlement Assistance Fund was used to give the late George Yasumatsu Nakai an appropriate Christian funeral.

If anyone can inform Mrs. Tanaka on the whereabouts of the deceased's relatives in Japan, Mrs. Tanaka hopes the friend will get in touch with her. She wished to send the ashes to Japan after the war, if the deceased has relatives there.

COUNCIL SELVES NOTICE ON LAW BREAKERS

The Judicial Council is serving notice of warning to the general public, that anyone apprehended in the act of gambling or selling intoxicating beverages, and anyone apprehended while under the influence of intoxicating beverages, will, upon their being found guilty, in open court, be punished severely by a heavy fine and/or incarceration in the project jail, or by both, according to the Council.

CILA BOY INDICTED

Yukihiro Joe Itani, 20, Nisel from Cila Center, was charged April 9, with destroying a steel pump shaft by cutting it into sections with an acetylene torch at Rivers Thursday, April 8.

He was ordered held for action in the U.S. District Court, and jailed in lieu of $500 bond, according to the Arizona Republic.

The late Mr. Nakai of Miy-ken, came to St. Louis from the Colorado River Center to work in the Tanaka's cafe. Prior to evacuation, Mr. Nakai's address was Tucson, Pima County, Arizona. He became ill and died shortly after he entered a hospital for treatment.

Among his belongings was $50 in cash, which was given to the Resettlement Assistance Fund, to pay the hospital bill and funeral expenses. The funeral was entirely fitting and in no way less than one would accord a close friend or relative, Mrs. Tanaka said.

Her statement follows:

"Mr. Yasumatsu Nakai of Miy-ken became ill in St. Louis and was being treated at a hospital, but on January 2 he passed away and funeral services were held at a Christian Church on January 7.

"On this occasion, the Social Security Board paid for his hospitalization, doctor's bills, and funeral costs, and we friends of the deceased are extremely grateful."

"Since Mr. Nakai's case was the first of its kind in St. Louis, I have been asked by the Social Security Board to inform other Issai of the services which it offers. I wish to emphasize the fact that Issai relocatees who formerly resided in the centers may have hesitation in requesting aid from the Social Security Board because they do not know where to find them."

"To cite another example, Shiyokhihi Kobayashi, an Issai, underwent an operation at the St. John's Hospital in St. Louis and his doctor's bills and hospitalization were all paid by the Social Security Board."

Mrs. Tanaka prepared her statement in Japanese which is available from the W.R.A., Barr Burgs., Washington, D.C.

"Mr. Nakai lived at 15-15-D while in Boston."
Yes, the Prom is over... To all it will mean a night of many memories—formals, "cokes", a shooting fountain, gala decorations, the crowning of the Prom queen, and your couple... First and last dances were the theme of the Prom... "Stardust", filled between by four hours of dancing and a little time-out for a "quick up" with refreshment.

Placed throughout the auditorium were various Poston untiried props and decorations. All will remember the soft indirect lighting, the colored fountain, the light-catching "Stardust", the arrow-weed pathway, and outdoor effect followed by the ballroom.

Yes, many heads and hands should receive credit for the success of this Prom. In charge of the huge decor was a job and important was the refreshment committee headed by Helen Ozaki.

Not to be forgotten are the members of the committee themselves, who put in their time in effort to make "Stardust" a knockout. To the Junior class of P.V.H. and to all those who were responsible for the Prom, we say—well done!

SAINTS WIN 6-5 THRILLER OVER DUDES IN NINTH

The 1945 softball season officially opened Wednesday as the Saints defeated the Delano Dukes in a 6-5 extra-inning thriller at Field 3 in the first city-wide open tournament tilt.

The white horsehide was literally a gray blur in the Boston dusk as the ninth inning rolled around with the score tied at 5-5 since the seventh. With the Saints at bat, left fielder Omori reached first on an error, took second on a bad pitch, and scored home with the winning run as the second baseman muffed Kinoshita's hard grounder. The Duke's lone chance of tying the score faded in the last half of the ninth when Sanematsu clouted a lofty fly to left field which was picked up by Hiroto and whipped to third where Sanematsu was tagged out in a close call.

Although Kinoshita, Saint hurler, issued 15 free passes, he is credited for pitching a hitless game while the Saints garnered 3-17 of hits from Koga, Duke moundman. "Waving" Hiroto paced the sluggers with three singles, while Omori and Otsu each slammed out a single and a double.

"ANTI" AGITATION DECLARED NOT KEEPING FAITH

NEW YORK, N.Y.--Persons who stir up prejudice against Japanese Americans were denounced as "preachers of hate" serving Hitler's purposes in a letter recently received by Leo T. Simons, acting relocation supervisor of the Middle Atlantic Area, from Adjutant Marshall G. Staub of the American Legion's Captain Baldwin Brooks Post No. 450 in New York City.

A few weeks ago Adjutant Staub's post invited to membership those Negro officers whose names were removed by the Hood River, Ore., post from its county honor roll.

In his letter Adjutant Staub also declared that Japanese Americans "are doing their part for the nation that our forefathers built" and that "their ancestry is...not to be held against them."

Following are excerpts from Adjutant Staub's letter to Mr. Simons:

"By our prejudice, we are not keeping faith with our own people who are...fighting and dying to destroy tyranny, oppression, prejudice, and intolerance. What they are fighting to rid the world of, we are building up on the home front.

"Long years before the war in Europe began, Hitler planned his conquest by technique of Divida et Conquer. A simple yet deadly means of creating internal strife within nations. With race, color, creed, and politics pitted against one another, it was simple for the Nazi blitz to overrun Europe. Hitler also had plans for the United States..."
WASHINGTON COMMENTS ON EVACUEE RECOMMENDATIONS

need public assistance. Moreover, the WRA has made special arrangements to transfer these evacuees as directed by the Social Security Board for the Resettlement Assistance Program which is designed specifically to meet the needs of people (such as evacuees) who have been affected by restrictive governmental action. Aid under this program is available to both citizen and alien evacuees in all parts of the country regardless of race or creed. The WRA will make every possible effort, through its field offices and in other ways, to see that adequate assistance is promptly provided for handicapped resettlers who need grants or other special kinds of help. Further comment on loans is provided under No. 3 above.

"Recommendation No. 2: The present relocation grant be increased. It should be given to every relocate. The penalty clause on the present form should be deleted.

"We further recommend that federal aid be granted according to every individual's particular needs until such time as he is re-established."

"Comment: Relocation grants are now made available on the basis of need and will continue to do. To provide each settle with a grant regardless of his cash resources would be an unwarranted use of the taxpayer's money. The grants should be regarded not as compensation for relocation but as a form of assistance for those who temporarily lack sufficient cash resources to re-establish themselves in private life. The so-called "penalty clause" is included on the form merely for the information of evacuees and is standard on all government forms of this type. It is intended to warn the applicant against giving false information on the application. The penalties for providing false information will apply whether the clause is included on the form or not. In view of the recommendation of the conferees, however, the WRA has decided to delete this clause from all future printings of the form."

WELFARE ANSWERS RESettleMENT ASSISTANCE QUERIES

and special services are provided by federal, state and county welfare agencies and by private agencies. Which agency takes the responsibility depends upon the circumstances.

"5. Q. 'Family of 4, Father, mother, and 2 sons. Both sons in the U.S. Army, fighting in France. Father was a farmer in California, but does not want to go back because of public sentiment around the home town. Why financial resources whatsoever. Cannot go on to start farming elsewhere because of lack of funds. How can WRA help this family?"

"A. If they are able to work, they may wish to consult the Relocation Office about the possibility of locating work similar to what they had four years ago. Then, if resettlement assistance is needed, they will be referred to the Resettlement Section to arrange for temporary assistance. If they are unable to work, they will need resettlement assistance to set up housekeeping and also continuing assistance for living expenses. It will be desirable to have the Resettlement Section write to the locality of resettlement and the making arrangements for such assistance before the family leaves the Center."
